**Advanced Information Management, LLC Receives 2012 Best of Orange Award  
U.S. Commerce Association's Best of Local Business Award**

---

Orange, CA - April 25, 2012 – For the third consecutive year, Advanced Information Management, LLC has been selected for the 2012 Best of Orange Award in the Computer Systems Value-Added Resellers category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Recipients are chosen based upon their marketing success in their local community and business category. Each award winner demonstrates exceptional service to their customers and community, continually promoting a positive image of small businesses. Nationwide, only 1 in 120 (or about 1%) of the 2012 Best of Orange recipients qualified as Three-Time Award Winners.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2012 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

About U.S. Commerce Association (USCA)

U.S. Commerce Association (USCA) is a New York City based organization funded by local businesses operating in towns, large and small, across America. The purpose of USCA is to promote local business through public relations, marketing and advertising. The USCA was established to recognize the best of local businesses in their community. Our organization works exclusively with local business owners, trade groups, professional associations, chambers of commerce and other business advertising and marketing groups. Our mission is to be an advocate for small and medium size businesses and business entrepreneurs across America.
